## **Free Motion Quilting: Rulers for domestic machine quilting**

Join Heather as she teaches you how to quilt with rulers on your domestic machine to enhance and build on your quilting design library! Since the dawn of time longarm quilters have used quilting rulers on their machines to enhance their designs. Domestic machines have started to adapt this method of quilting by now having “ruler” feet available to the domestic machine market. Quilting with rulers involves stitching up against a shaped quilting ruler (not a patchwork ruler), this class will teach you how to get started with rulers, how to handle & control your rulers and what designs you can achieve to make your FMQ a breeze. In this class you will complete a mini sampler using the Versa Tool ruler. If you have struggled with free motion quilting (FMQ) rulers may just be the tool you have been looking for!

Friday            23<sup>rd</sup> February  
                      10.00 am - 2.00 pm

## **Free Motion Quilting: Design Sampler**

Do you love the idea of free motion quilting but have been put off by unsuccessful attempts? Have you been trying to learn on your own? Maybe you are looking just to fine tune your skills? Don't give up, let Heather guide you to success. She has a real knack for explaining the process and giving her students the confidence that they need to achieve this type of quilting - Free motion quilting is the most liberating way to quilt your quilt tops! Once you have mastered the basics there will be no stopping you. This class will cover everything you need to succeed including correctly setting up your machine, speed vs movement, hand position, understanding tensions, to mark or not to mark, how battings impact on your stitching, what is the most appropriate threads & needles to use plus plenty of tips on creating and stitching fabulous fill designs.
